

CONSTRUCTIONSKILLS SITE MANAGEMENT SAFETY TRAINING SCHEME – 5 DAYS

COURSE OBJECTIVES

Upon completion of the course delegates should be able to:

- Understand the background to Health and Safety legislation - particularly in the construction industry
- Understand the various duties and responsibilities of those who implement/manage health and safety issues
- Understand the powers of the enforcing authorities
- Understand how Health and Safety legislation fits into our legal framework
- Be aware of accident trends and prevention techniques
- Understand the principle of risk assessment
- Understand the need for safe systems of work
- Manage a site safely in compliance with existing legislation

WHO SHOULD ATTEND

Those who have responsibility for the organisation and running of a Construction Site, Contract Managers, Site Managers and Assistant Site Managers. The course is limited to a maximum of 20 delegates.

COURSE DURATION

This course is one day a week for 5 weeks. In-house courses can be a 5 day block.

CONSTRUCTIONSKILLS CHARGES AND GRANTS

Each delegate is required to have a ConstructionSkills registration at a cost of £35. The ConstructionSkills GE700 Manual (worth £98.00) is included in the cost of the course. Those Organisations who are in scope for grants as ConstructionSkills levy payers are entitled to claim £35 per day per delegate and on successful completion of the course, a £250 achievement grant.
