

SAFETY MANAGEMENT – GENERAL/PRODUCTION INDUSTRY

INTRODUCTION

This course aims to provide Supervisors and Managers with an understanding of the main requirements placed upon them by the Health and Safety at Work Act 1974 and Management of Health and Safety and Welfare Regulations 1999, and the ability to design and develop personal and organisational responsibilities including Health and Safety policies, procedures (emergency) and risk assessment.

WHO SHOULD ATTEND

This course is for all employees and supervisors who work in an office and are required to meet the statutory obligations under Health & Safety at Work Act.

COURSE DURATION

PFA Consulting offer this course over 1 day.

COURSE OVERVIEW

By the end of this course delegates will be able to:

- Understand the main UK health and Safety Legislation
- Identify a systematic approach to identify priorities and set objectives
- Set objectives to ensure continuous development in Health and Safety performance
- Set up procedures which control Health and Safety in their service
- Identify and develop systems and procedures to monitor Health and Safety (Risk Management systems)
- Carry out and review Risk Assessment for their workplace

PFA Consulting has a rolling schedule for Health and Safety courses. For further details on this course or to arrange a meeting to discuss your requirements:
