

Westbury Leigh - Wiltshire

PFA Consulting was instructed by Persimmon Homes (Wessex) Ltd to provide professional services for a large town expansion at Westbury Leigh, Wiltshire. The proposed development involves the construction of about 1,000 dwellings and associated community facilities.

As an integral part of the development proposal PFA Consulting completed feasibility studies and route selection for the A3098 Bypass of Westbury Leigh. Senior staff prepared technical evidence and appeared as expert witnesses at two local planning inquiries.

Following planning approval PFA Consulting completed highway engineering design, strategic drainage design, contract management and site supervision.

Summary of professional services:

- transport planning
- highway feasibility studies
- expert witness appearances
- highway engineering design
- drainage design
- contract management
- site supervision
